Steven Peters – The Board heard from Mr. Peters about his concerns regarding the signage on lines 10 and 18 on Dixie Highway. As a result of the changes to the bus routes which took effect in August, some stops along the 10 and 18 lines have been consolidated or removed. The stop at Dixie and Heaton Route 10 is currently an active stop. We did have some issues with the visibility of signs along Dixie Highway, but as of September 18th, all stops have been verified by Planning Staff to have the correct Route Number clearly identifying the stop. Operators on the routes have been notified of these changes. Please let us know if you have any more issues.
