Attendees

20

Event Summary

TARC gave a 10-minute presentation on the TARC 2025 process and conceptual phase at the August monthly meeting of the Old Louisville Neighborhood Council. With a packed agenda, there was only time for one question. That question focused on the ridership concept - asking if the ridership concept would be a better starting point for future TARC growth than the coverage concept.

Participant Description

Majority white and majority middle-aged and older.
